

# Problem

Many Nigerians face challenges accessing healthcare:

- Over 45% of Nigerians lack access to quality healthcare
- Doctor-to-patient ratio is about 1:4,000
- Long hospital wait times (often 4+ hours)
- Limited access to specialists outside major cities
- High cost of care in urban areas

# Solutions

Healy is a digital healthcare platform that connects patients, doctors, and organizations through secure online consultations.

**We make healthcare:**

- Accessible
- Affordable
- Convenient

# Features

## For Patients:

**Easy Access to Care:**

- 24/7 consultations from anywhere
- Smart symptom checker (AI-powered)
- Manage healthcare for your entire family

**Healthcare Services:**

- Video consultations with licensed doctors
- Digital prescriptions
- Access to your medical records
- Remote health monitoring
- Access to specialists nationwide
